PROFESSIONAL SUMMARY

Full Stack Developer with hands-on internship experience in frontend and backend development. Skilled in React.js, JavaScript, C++, HTML, CSS, Tailwind CSS, REST API integration, and component-based architecture. Built and deployed multiple SPAs and console-based applications using OOP principles, data structures, and clean code practices. Certifications: [Python](#), [AI](#), and [Software Engineering](#) (JP Morgan Chase & Co).

EXPERIENCE

Code Alpha

Software Developer Intern

Feb 2025 – May 2025

Remote

- Developed console-based C++ applications using OOP concepts, data structures, file handling, and problem-solving techniques with clean and optimized code practices.
- Strengthened core CS fundamentals including memory management, algorithmic thinking, and modular code design through real-world project assignments.

Orinson Technologies

Frontend Developer Intern

Dec 2024 – Jan 2025

Remote

- Built responsive frontend web applications using React.js, JavaScript, HTML, and CSS with a focus on component-based architecture and performance-focused UI development.
- Integrated third-party REST APIs into React components, handled asynchronous data fetching, and optimized rendering for improved user experience.

PROJECTS

SnapNote — Responsive Notes App (React.js, CSS, Vercel)

- Built full CRUD SPA using React hooks (useState, useEffect) and component-based architecture; achieved 90+ Lighthouse performance score.
- Deployed as a single-page application (SPA) on Vercel with automated CI/CD; push-to-deploy workflow via GitHub integration.
